## Touchstone Mission

The mission of Touchstone Youth Project is to serve disadvantaged youth through adventure-based education, mentoring, and life skills cultivation. Touchstone operates after-school programs at Rocktown Climbing Gym. Each week, Touchstone youth and volunteers meet to rock climb. We mentor youth and work on the following “Touchstone Life Skills”: take care of myself, be respectful, think positive, aim for success, manage emotions, do the right thing, never stop learning, be a good friend, help others, and lead by example. Touchstone Youth Project was founded in 2002 and has served more than 60 kids since its inception.

### HOW DOES TOUCHSTONE WORK?

Youth participants are selected from interested applicants and enter the program. Priority is given to applicants in need. On a weekly basis, the participants and volunteers climb at Rocktown Climbing Gym. Each session focuses on the Touchstone Life Skills and includes a group discussion.

### WHAT ARE THE REQUIREMENTS?

Taking part in Touchstone Climbing Club is a privilege and participants are expected to: retain eligibility at school; attend at least 80% of sessions; behave appropriately at school and in the program; adhere to all safety measures; and participate in group activities. Students who maintain expectations will be eligible to continue participating in Touchstone Climbing Club, at no cost, until they graduate from high school.
